To all United People for African Congress (UPAC) and UPAC Organizing For Africa (UOFA) members and our supporters for Hillary Clinton

My sincere gratitude and thanks to all of you for your ardent support during this election. Thank you so much—we worked together to build a united, non-segmented organization (UPAC) without walls, to support, uplift and empower all Africans in the United States—Not only a certain section of Africans in the Diaspora regardless of religion, language, culture and belief. I truly appreciate your hard work and personally know how you feel today as Ethnic Africans. Remember though your hard word does not stop here.

America is the greatest country of democracy and freedom of the world. As good citizens, it is our responsibility to continue to support and pray for the candidate who won the general election, Donald J. Trump.

UPAC, an Ethnic African Organization, is committed to building bridges and lives, and making tomorrow a viable future for all Africans in the United States and Africans in the motherland.

As we move forward with Donald J. Trump's presidency and looking to a unified community and America as a whole, and also to a better future for inclusive public prosperity and happiness that America has, especially marginalized Ethnic Africans, we hope that our New Elected President Donald J. Trump will lend his undivided attention to the needs of UPAC and its membership. UPAC is ready and willing to work with this new administration.

I ask you all to join me to congratulate our New Elected President, Donald J. Trump.

Your kind support is highly appreciated. Let us continue to foster unity, peace, love, respect, dignity and integrity for all Ethnic Africans in the United States and Africa.

Respectfully yours,

Dr. Sylvester Okere
